SCAM ALERT***

On January 6, 2021, two skimmers were found on gas pumps at the Conoco Gas Station, located at 501 East Front Street in Battle Mountain, Nevada. Skimmers are devices placed on the outside or inside of credit/debit card machines that capture credit/debit card information. The credit card information is uploaded remotely and sold to other criminals.

These skimmers were located inside the gas pump machines and were not visible to the consumers. It is unknown how long the skimmers were inside the two gas pumps before they were discovered. The skimmers were removed from the gas pumps. Technicians checked the remaining gas pumps at the Conoco to make sure there were no additional skimming devices.

If you used the outside credit card readers on the gas pumps at the Conoco Gas Station in Battle Mountain and have been receiving unauthorized purchases from your bank account, please contact Detective Derek M. Zacharias at (775) 635-1421 referencing case #: 2101-0010.

It is very important for you to be mindful of every device where you insert or swipe your payment card. There are a variety of methods for criminals to obtain your information. When using a gas pump, look for security seals or other security measures the gas station uses to show if a pump has been tampered with. If you find missing or torn seals, do not use the pump. Notify the station employees about the problem.

If you locate a skimmer, DO NOT TOUCH THE DEVICE! Call law enforcement and inform them what has been found.

Reminiscence of Better Times

I bought this car sight unseen. Have I had problems with it? Oh, yes! I love it regardless, because it makes me happy to look at it, and it’s fun to drive. The best part, my husband quickly fixed the gas smell. I have taken many people in town for rides, and everyone gets out smiling (even when it smelled like gas). I’ve had people from out of town stop to talk to me about it. I don’t care how many bumps or bruises it has, isn’t that what it’s all about? Simply find something that makes you smile and hold on to it!

OBITUARY

It's with heavy hearts we announce that Lewis (Lou) Armell Fuller, 83, long-time Battle Mountain resident, passed away on December 25, 2020.

Lou loved to visit and had the ability to strike up a conversation with anyone. He never met a stranger. He was born on August 9, 1937, in Marietta, Oklahoma. The oldest of three children, he spent his childhood in Oklahoma and Texas before moving to Southern California.

Lou went to work for AT&T as a telephone repairman directly after high school and this is where he met his future wife. He was drafted into the U.S. Army in 1960 where he served as a communications specialist. He and Linda were married in 1964 and shortly afterward wanted to escape city life and landed in Battle Mountain.

Lou worked for the phone company until his retirement. Years ago, he was a Battle Mountain Volunteer Fireman, active in Lion's Club and member of the Masonic Lodge. Lou also served several years on the Battle Mountain Fair and Rec Board and was instrumental in developing the golf course. He was a very social person and loved to talk to everyone. He truly enjoyed a good conversation. Lou liked reminiscing and telling stories about the past. His grandkids were his life. Papa could be seen in the bleachers of all their home games rooting them on. He was their biggest fan, staying involved in everything they did.

Lou was preceded in death by his parents Albert and Quay, his brother Ray and his wife Linda. He is survived by his daughter Elaine Domagala, son-in-law Mitch and their children Drue and Brice, son David Fuller, daughter-in-law Nilla and their children Mason and Marena, all of Battle Mountain, as well as his sister Brenda Blossom of Las Vegas, Nevada. He was an amazing dad, Papa, husband, son, brother and friend. All of us miss him so much.
